ROLLAPOS - Scrolling Roll-A-Poster Installation

BANNER SIZE:
33" or 44" wide by 72" up to 168" long

Top

Hanging Rings ←   →

Bottom
Roller

1. Banner must make a loop, joined with a thin double-sided banner tape, and fall within the size range listed above. Use thin banner, no heavier than 10oz. Smooth film will not work.

2. Remove the roller from the Top by pushing in the spring-loaded pin on the right side.

3. Slide the banner loop onto the Top roller, then replace the roller.

4. Hang the Top and banner loop from the Hanging Rings with wire.

5. Place the Bottom Roller in the bottom of the banner loop.

6. Plug in and turn on.
